To Whom it May Concern:

Re: Mr. Ian O' Connor

I am an independent consultant Quantity Surveyor with over twenty years of experience in the construction industry in Ireland and abroad advising main contractors on construction procurement, management, quantum, claims management and dispute resolution.

During the 15 years that I have known and worked with Ian O' Connor, including on some of Ireland's most significant building construction projects, he has proved himself to be a knowledgeable, dependable, loyal and dedicated professional. His qualifications and affiliations speak for themselves in terms of achievement, but in particular I commend him highly for his excellent written and verbal communication skills, attention to detail, ability to get quickly to the core of complex contractual problems and his skill in brokering creative solutions to difficult disputes and keeping projects on track.

Ian is a driven construction professional with whom I am glad to have had the opportunity to work. He possesses ample leadership qualities and works very well either independently or in a team. He is a person of great integrity with a straightforward, no-nonsense approach and I am happy to recommend him to any potential client of his new consultancy which I have no doubt will be a great success.

Please do not hesitate to contact me if you have any question or require any further information regarding this person.

Yours sincerely,

Matthew Meehan
